

# Onboarding Checklist

1. You will have received an email with single sign-on (SSO) information for the lab services. Please click the link in the URL and set a passkey.
  2. Log into the wiki by clicking "Log in" at the top right of this page. This will create an account on the wiki that is automatically linked to your lab account.
  3. Log into the lab's [project management platform](#) by going to <https://vikunja.lab.pyarelal.xyz>. This will create an account for you on the project management platform that is automatically linked to your lab account. Once you have done this, please email Adarsh at [adarsh@arizona.edu](mailto:adarsh@arizona.edu) so that he can add you to the relevant projects.
